

MSS

Multi Services Solutions

MSS NZ WELCOMES IAN HAMMOND,

A distinguished professional renowned for his unwavering commitment to personal and professional development. Ian joins us as the Client Relationship Manager and will drive client connections while leveraging strategic insights to uncover growth opportunities. With a diverse background and natural goal-driven approach, he is a great addition to our team. Beyond his professional expertise, his dedication to personal fitness, outdoor pursuits, Spanish fluency, and unceasing quest for knowledge define him as a truly well-rounded individual.

Regan Simpson commented; *"I am thrilled by the contribution Ian will bring to our organisation. As a skilled executive, he possesses a wealth of experience and extensive industry knowledge. Furthermore, Ian's abilities are clearly welcome in our business, fostering an outstanding work culture. He inspires high-performance and cultivates a positive work environment. With Ian on board, we anticipate good client relationship building and growth across new markets."*

Ian Hammond commented; *"I am very excited to be joining the MSS team and look forward to contributing in a meaningful way to the continuing growth of the MSS Group. I have been made to feel very welcome, and positivity and enthusiasm are obviously such an integral part of the culture here that there can be no doubting MSS' commitment to outstanding customer service, and technical excellence."*

ABOUT MULTI SERVICES SOLUTIONS (MSS) NEW ZEALAND

Established in 2016, our Projects & Construction team manage and deliver refurbishments, new builds, capital upgrades, structural works, asset replacement and renewals, fitouts and general facility upgrades. Our facility services complete asset condition assessments, life-cycle maintenance schedules, management planning and replacement, reactive and emergency repair services

We service clients in aged care, retirement living, retail, government, hospitality, hospitals, aviation and commercial industry sectors. We are skilled at working in live environments and developing construction programs that minimise disruption to client business activities. We have grown with our clients, and our reputation for quality delivery and customer-focused solutions has helped us expand. At the heart of this growth is that we understand, report, and deliver quality customer service.
