Multi Services Solutions

MSS GROUP WELCOMES CRAIG JONES

With 28 years in corporate real estate, Craig has strong experience in sales and marketing, capital investment, development and funds management businesses across Asia-Pacific.

Chris Russell, MSS Group CEO commented; *"Craig Jones joins our team in the newly created role of Chief Commercial Officer. Craig will work with our Board and the Executive Leadership team in defining and driving our acquisitions, improved products strategies, and champion our growth into the property sector and new markets."*

Steven Mace, MSS Group Chairman commented; *"I have known Craig for a long time and have witnessed firsthand the remarkable journey he has taken, his unwavering dedication and relentless pursuit of excellence have paved the way for a truly successful career. His expertise in asset and estate management, property development and property strategy will undoubtedly complement our MSS business, where we already stand as a dominant player in the services sectors across Australian and New Zealand."*

Craig's recent experience includes leading and evaluating over \$7Bn of capital investments across Asia-Pacific, this contributed to over \$3bn in assets under management. Previously Craig has held senior positions in some of Australia's iconic and well known property companies and is the current Deputy Chair of NSW Industrial and Logistic Committee at the Property Council Australia.

Craig spoke about joining MSSG; *"I am excited and ambitious about joining a company like MSS Group. The opportunity to work with Steve, Chris and the Executive team on the next phase of the company's business development is most timely for me. The portfolio of Multi Services Solutions has great reach and depth, and I look forward to driving the next stage of their investment and product development."*

ABOUT MULTI SERVICES SOLUTIONS GROUP

Established in 2016, our Projects & Construction team manage and deliver refurbishments, new builds, capital upgrades, structural works, asset replacement and renewals, fitouts and general facility upgrades.

Our facility services complete asset condition assessments, life-cycle maintenance schedules, management planning and replacement, reactive and emergency repair services. We service clients in aged care, retirement living, retail, government, hospitality, hospitals, aviation and commercial industry sectors. We are skilled at working in live environments and developing construction programs that minimise disruption to client business activities. We have grown with our clients, and our reputation for quality delivery and customer-focused solutions has helped us expand. At the heart of this growth is that we understand, report, and deliver quality customer service.
