

MSS SELECT SERVICES EXPANDS ELECTRICAL CAPABILITY WITH APPOINTMENT OF ROB GIOVENCO

Rob brings extensive leadership experience across the electrical services, facilities management and construction sectors, with a proven track record of leading, growing and leading high-performing electrical operations. His broad technical expertise, commercial acumen and customer-focused approach have enabled him to successfully deliver complex projects and maintenance programs for a diverse range of clients across Australia. Rob's appointment further strengthens Select's existing electrical capability and supports the continued growth of our technical services offering, enhancing our ability to deliver integrated Fire, HVAC and Electrical solutions that work seamlessly together throughout the lifecycle of a facility, from construction and commissioning through to ongoing maintenance and asset management.

Louis Rossouw, GM MSS Select Services commented; *"We are excited to welcome Rob to the Select team. As we continue expanding our trade service offerings, expanding our Electrical Division represents an exciting opportunity for the business. Rob brings a wealth of industry knowledge, strong leadership capabilities and a genuine passion for delivering exceptional outcomes for clients. Having worked with members of our organisation previously, Rob already understands our culture, values and commitment to service excellence. I have every confidence in Rob's ability to further develop and lead a successful national electrical capability and look forward to working closely with him as we continue to grow the Select business."*

Rob Giovenco commented; *"I am incredibly excited to be joining MSS Select Services as Head of Electrical and to be part of such a respected and growing organisation. This is a fantastic opportunity to help build on the strong electrical capability already established within Select and further develop its offering alongside the outstanding services already delivered by the Select team. I have known many people within the broader MSS Group for some time and am looking forward to reconnecting with existing colleagues and building new relationships across the business. Louis and the*

Select team have created a strong platform for growth, and I am excited to work alongside them to expand our electrical capabilities, deliver exceptional outcomes for clients and create new opportunities for the future."

Please join us in warmly welcoming Rob to MSS Select Services and wishing him every success in his new role.

ABOUT MSS SELECT SERVICES

MSS Select Services delivers specialist facilities maintenance, building services and reactive works solutions to commercial, retail, healthcare, government and industrial clients across Australia. Through a customer-first approach, technical expertise and a commitment to quality workmanship, Select provides responsive, reliable and scalable service solutions that help clients maintain critical assets and infrastructure.

MSS Select Services provides technical trade services including specialist fire, hvac, electrical and building maintenance services across Australia, supporting clients to manage risk, meet regulatory requirements, and protect people and assets.
